

ABOUT THE COVER

Boneso Livestock Online Sale Hosted By: Breeders' World Online Sales Bidding will open October 1st and begin to close October 3rd at 6pm PST.

Steve, Mary Ann, Wes and Maggie Boneso invite you to their upcoming sale. This year, Breeders' World Online Sales will be hosting our event.

We are very excited about this group of calves, which are sired by Grizzly, Heat Wave, Rodman, and more. Their dams make up our 80-head cowherd. By utilizing embryo transfer as well as purchasing top genetics, we have been able to build a program capable of producing quality calves that you will be proud to own and show.

The offering this year includes black and smokey club calf prospects, plus some fancy show heifers. These calves will work at all levels of competition, and are eligible for the Bred and Fed division at the Mid State Fair. They are also qualified for the California Club Calf Association classes and awards at various jackpots and the state fair.

Our new Herdsire is "Walks On Water". He is co-owned with Chad Holtkamp, Chris Rosa and Wade Rodgers, and we are confident he will be a positive influence to move our program forward. His first calves will be on the ground soon. Semen is available thru the owners, or can be ordered directly at www.walksonwaterbull.com.

For more information on our program, and the calves available through our upcoming online sale, please give us a call. All calves are available for viewing at the ranch, and we would love to have you come by to see this tremendous set of prospects in person. For an appointment, we can be reached at:

Home phone: 805-227-4031 Cell phone: 805-294-3816.
